What we are doing

We will be making road safety improvements which include installing new speed tables, lighting, signage and lining on Clay Lane, Guildford.

Works area:

Night works/Noise

Working overnight is necessary on traffic sensitive roads to reduce disruption during peak times. It also enables longer uninterrupted working before the closure has to be lifted for daytime traffic, and results in a shorter period of disruption. There will be some noise, but we will try to carry out the bulk of the noisiest works before 11pm.

Delays in work

Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs and on [one.network](https://www.one.network)
