## What we are doing

We will be installing new signage, lining and high friction surface at Holly Lane, Worplesdon.

Works area: 

## Information for residents and businesses

We will be working at the junction of Coombe Lane, just before Farm Close. The road will be closed during the hours of work. All other times the road will be clear.

During the road closure we will make sure you can get to and from your house or business when it is safe to do so. Please talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

### Night works/Noise

Working overnight is necessary on traffic sensitive roads to reduce disruption during peak times. It also enables longer uninterrupted working before the closure has to be lifted for daytime traffic, and results in a shorter period of disruption. There will be some noise, but we will try to carry out the bulk of the noisiest works before 11pm.

### Delays in work

Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs and on [one.network](#)

### Updates

If you would like to sign up for updates on these works, you can do so using the roadworks map at [one.network](#) and searching for your road.

### Parking

It is essential to keep the works area free from parked vehicles. Please park somewhere else otherwise your vehicle may be towed away to a nearby road.
