Planning/General Purposes & Finance (GP&F) Committee

Policy

The role of the Parish Council in this respect is three-fold:

Planning

The policy of the Council is, in response to consultation, to examine thoroughly all planning applications submitted for the Parish of Worplesdon and, where necessary, to make representations, based on sound planning reasons, using [material planning considerations](#). In addition, the Council may comment on all planning matters including public consultations and all documentation relating to the Local Plan, Minerals and Waste Plan and any central Government white papers, if deemed appropriate.

Finance

The financial affairs of the Parish Council must be conducted in accordance with all relevant Statutory Regulations, in particular the Accounts and Audit Regulations, , The Ministry of Housing, Communities and Local Government NALC Guidance, the Council's Standing Orders, and the Council's Financial Regulations. Under the Regulations, the Council as a whole is responsible for its financial affairs, including decisions on funding and expenditure.

With respect to the Precept, the Planning/General Purposes and Finance Committee is required to make recommendations to the Full Council, but approval of the Precept is the responsibility of the Council as a whole.

The Parish Council will, at all times, aim to ensure that the conduct of its financial management is carried out in a prudent manner, so as to provide high value for the element of council tax paid by residents of the Parish and to make optimum use of Parish Council assets.

General Purposes

All business of the Parish Council must be conducted in a timely and efficient manner. This Committee has delegated powers to approve any financial items as approved within the precept. To ensure that Full Council meetings are streamlined and finish by 10.30pm the Planning/General Purposes and Finance Committee may also approve expenditure, which has not been approved within the precept subject to a maximum of ££8,000pa provided there are sufficient funds available within the appropriate budget. The Chairman of the Committee to be appointed by Members of the Committee annually at the June meeting. The term of office of Members shall be for twelve months expiring on the day of the Annual Meeting of the Council.
